Academy for Careers in Television and Film	Q01A	Film/Video	Limited Unscreened	9	108	1072

Overview

Our school prepares students for careers in movie and television production. As a small school, we provide individualized academic support and extensive career mentoring. Students learn by working alongside industry professionals with state-of-the-art equipment. Our career programs are complemented by academic classes which prepare students for competitive colleges and careers. Teachers use films in classes to enhance lessons and students create visual media and portfolios of work to demonstrate knowledge.

Program Highlights: Mentors, Advisory, Introductory Production Classes, Specialized Courses in Production Crafts, Screenwriting and Directing Post Production, and the Business of Production

Language Classes: Chinese (Mandarin), Spanish

Advanced Placement Courses: Calculus AB, English Literature and Composition, Government and Politics: United States, Psychology

Extracurricular Activities: Student Government, Community Service, Academic Tutoring, National Honor Society, Theater, Movie Screenings, Next Step Pictures

Clubs: Screenwriters, Drama

PSAL Sports – Boys: N/A

PSAL Sports – Girls: Basketball, Cross Country, Volleyball

PSAL Sports – Co-ed: N/A

School Sports: Soccer, Volleyball, Cross Country, Basketball

Overview

Named after the first black airline pilot in the United States, August Martin High School is designed to help students achieve their personal and professional goals. Our school is divided into five smaller learning academies, which prepare students for a Regents diploma and various industry certifications through challenging academic courses and exciting internship opportunities. We rely on our many strong partnerships to provide students with connections to a wide variety of local and global industries. The supportive culture at August Martin High School ensures that every student learns our school's core values: respect, a strong work ethic and a dedication to success in the workforce.

Program Highlights: Culinary Arts Academy which offers a three-year hands-on Career Technology Education sequence, internships and participation in the Careers through Culinary Arts Program (C-CAP) Competitions, advanced courses in aviation that allow students to sit for the Federal Aviation Administration written examinations toward the Private Pilot License, Business and Law Academy offering partnerships with various law firms and businesses across the city, Lincoln-Douglas Debates, Mock Trials and Moot Court Competitions, hands-on training from licensed professionals, College Now

Overview

Our State-endorsed Career and Technical Education program provides students with a world-class education. This unique curriculum prepares students for a New York State Regents Diploma and Federal Aviation Administration (FAA) certification as Aircraft Maintenance Technicians, leading to exciting and lucrative careers in the aerospace industry. Inherent in this, we create an educational culture that instills respect, self-discipline and strong intellectual values in meeting the demands of today's colleges and universities. Our world-renowned reputation for academic and technical excellence reflects Aviation High School's tradition, mission and commitment to its students, their future and the future of the aerospace industry.

Program Highlights: Federal Aviation Administration Airframe and Powerplant certification with optional 5th year; Annex internship at John F. Kennedy (JFK) International Airport, Aerospace Pre-Engineering Program, Air Force Junior Reserve Officers' Training Corps (JROTC), College Now, Robotics, AutoCAD

Overview

Bard High School Early College Queens (BHSEC Queens) was founded on the belief that many students are ready to do serious college work at age 16. Bard College partnered with the NYC Department of Education to create an innovative program that enables high school students to move, in four years, from 9th grade through the first two years of college, earning a high school diploma, up to 60 college credits and an Associate of Arts degree upon graduation. Foundation courses in mathematics, science, and the humanities in 9th and 10th grade prepare students for college classes. In small, seminar-style classes, students develop and refine their writing and thinking skills.

Program Highlights: In their first two years at BHSEC Queens, students receive a solid grounding in mathematics, science, history, English, a foreign language and the arts. In the final two years, the college program balances core requirements in critical reading and analysis, mathematics, science, language & culture and the arts, with opportunities for students to pursue their individual interests. We offer a variety of college courses as well as the opportunity for students to engage in independent studies of their own design. Students completing 60 college credits receive the Bard College AA degree. Students may then transfer to colleges and universities with up to two years of college credit.

Language Classes: Chinese (Mandarin), Latin, Spanish

				10	5	69
<p>Details: Inquiry and critical thinking promoted across all subject areas</p> <p>Selection Criteria</p> <ul style="list-style-type: none"> • English (85-100), Math (85-100), Social Studies (85-100), Science (85-100) • Standardized Test Scores: Math Level(s) 3-4, English Language Arts Level(s) 3-4 • Interview, Review of Attendance & Punctuality • Please note: admission to this program is also based on the Admissions Priorities listed above. 						

2011-2012 Assessment Information

- In order to be eligible to apply to Bard High School Early College Queens (and/or Manhattan Campus), student report cards should reflect a cumulative average of an 85 or above in English, Math, Science, and Social Studies and no more than ten (10) absences.
- All students wishing to be considered for admission to Bard High School Early College Queens (and/or Manhattan Campus) must register online for the assessment. Registration for the assessment begins on September 7, 2011 via the school's website at www.bard.edu/bhsec.
- Students may apply to both schools. They must, however, indicate each one as a separate choice on the Department of Education High School Application.
- Students only need to take one assessment in order to apply to either or both schools. The assessment may be taken in either our Queens or Manhattan location. Dates and times will be posted on the school's website at www.bard.edu/bhsec.
- In order to be admitted to the assessment, applicants are required to bring a copy of their previous year's report card to the test site; i.e. 9th grade applicants are required to bring a copy of their 7th grade report card and 10th grade applicants are required to bring a copy of their 8th grade report card.
- Students who demonstrate strong abilities in their grades and the assessment will be invited to an interview at BHSEC. Students receive an email invitation for an interview.
- When evaluating applicants, BHSEC seeks to build an incoming 9th grade class that is representative of the entire City of New York.

Overview

Just two blocks from the majestic Atlantic Ocean, Channel View School for Research overlooks beautiful Jamaica Bay. Applying the philosophy of active learning, students become researchers of pressing academic, environmental and social issues. In our small school that serves grades 6-12, our student-researchers experience the magic of learning in small classes while creating interdisciplinary projects. Students graduate ready for college and beyond with a love for learning that enables them to embrace their futures with confidence.

Program Highlights: College Preparation: Early College, SAT Prep, College Now; Pre-Law Program: Introduction to Law, Human Rights, Courtroom Procedures, Public Speaking, Forensics, US Government and Participation; Fine Arts Program: Visual Arts Three Year Sequence, Vocal and Instrumental Music, Jazz and Steel Band; Web Design & Development, Film and Mass Media, Internships, Community Service, Advisory

Overview

Civic Leadership Academy (CLA) offers a challenging academic program with an emphasis on youth development through service learning. Our curriculum and focus on service learning will give students opportunities to discover their own place in the world and their capacity to make a difference. We are committed to meeting the diverse learning needs of our students and helping them excel in all academic areas. Our three core values – commitment to learning, commitment to community and empowerment – promote the social, emotional and academic development of our students by helping them become independent, critical thinkers who are assets to their communities.

Program Highlights: Service Learning, Youth Action and Development, Youth Council, Youth Leadership Development, Advisory, Peer Tutoring and Mentoring, College and Career Exploration; PSAT, SAT & Regents Prep Courses, Extensive use of the community and the City as a classroom, Technology integration across the curriculum

Language Classes: Spanish

East-West School of International Studies	Q82A	Humanities & Interdisciplinary	Limited Unscreened	9	81	380
				10	8	31

Overview

East-West School of International Studies is a small school focused on individual excellence in learning. We prepare students for professional careers in an international world, as we believe a thorough understanding of Asia and a firm academic foundation is important to be competitive in the world of the future. While at our school, students become experts in an Asian culture and language, in addition to fulfilling their regular Regents requirements. Our graduates have strong reading and writing skills and proficiency in an Asian language. They are also prepared to use technology as a tool for lifelong learning and communication. Once they embark upon their careers, our school values of self-discipline, community, high standards, and perseverance will have prepared them for success.

Program Highlights: Accelerated math courses; a limited number of travel scholarships to East Asia and to summer language camps will be available to qualified students

Language Classes: Chinese (Mandarin), Japanese, Korean

Advanced Placement Courses: N/A

Extracurricular Activities: Student Government, Advisory, Model United Nations, Tutoring, College Now (Queens College), SAT Programs, East-West Choir, **Clubs:** Queens College Literacy, Promotion, iMentor, MOUSE Squad (members help to maintain our school's computers/technology), Art, East-West Choir, Computer Animation, Drama, Cooking, Dance Team, Promotion, Science, Model UN; clubs and teams to be formed based on student interest

Overview

We serve recent immigrants who are both new to the United States and new learners of English. Teachers and students work in teams and teachers know their students well. Teams of teachers integrate interdisciplinary curriculum in which students work on projects that connect ideas from different classes. Both native language and English language development are supported across content areas. Our program is designed to help immigrant students succeed in college and the world of work.

Program Highlights: Collaborative group work and interdisciplinary study, small group Advisories, elective courses in academic subjects, arts, and technology, internships at local, businesses, technology, arts, and community-based organizations, College Now

				10	5	18
<p>Details: Study includes text analysis, film as a cultural & historical document, analysis of artist work; courses in video production, film theory & history, industry practices & legal issues; students have access to state-of-the-art digital technology</p> <p>Audition Information: During the audition, students will submit for review 10 original drawings or photographs on 18" x 24" poster board that tells a sequential story without words. Images should demonstrate the applicant's knowledge of visual composition and storytelling. Students will be shown four images and asked to develop an original story that could be the basis for a film. Three questions should be considered while writing: Who are the characters? What problems do they face? What do they do to resolve them?</p>						

Overview

It is the policy of Frank Sinatra School of the Arts (FSSA) High School that every student receives the most challenging academic and arts program. We offer every student the opportunity to take four years of science and math in addition to four years of English and social studies. The studio arts program provides students an intensive sequential study of an art form that includes the possibility to study the history, cultural significance and aesthetics of their selected art form. Students will be introduced to all of the disciplines offered at FSSA through a specially designed curriculum enabling students to make connections with all art forms and to foster a true artistic community.

Program Highlights: Extended Day program (90-120 minute classes per day in major), enrichment programs, internships with arts agencies, apprenticeships with artists, projects with cultural institutions, community service through the arts, College Now

Language Classes: Spanish

Advanced Placement Courses: Biology, Calculus AB, English Language and Composition, Spanish Language, United States History

Details: Advanced academic course studies						

Overview

Frederick Douglass Academy (FDA) VI High School is a high school built on Dr. Lorraine Monroe’s vision of academic and personal excellence for all students. The emphasis on college preparation is supported by a challenging academic program and cultural enrichment. A set of core rules visible at every Frederick Douglass Academy signals the seriousness of purpose for the school, its students, and teachers. All students must adhere to a code of student conduct, the Scholar’s Creed, and a strict uniform code. Students are also required to participate in extensive after-school academic enrichment programs.

Veterinary Science Institute	Q45A	Animal Science	Limited Unscreened	9	54	374
Carver Research Institute	Q45C	Science & Math	Limited Unscreened	9	54	335

Overview

The mission of our school is to provide students with an in-depth, well-rounded education with an emphasis on science and mathematics. Classroom teaching and learning are complemented with authentic, inquiry-based research experiences. The combined research and teaching experiences prepare students to become critical thinkers and problem solvers to pursue careers in biological sciences, physical sciences, mathematics, engineering and veterinary sciences. The physical, emotional and social well-being of our student populace is nurtured through Advisories and service in a small and personalized learning community.

Program Highlights: Honors Classes, Gateway Institute for Pre-College Education (9th & 10th Grade): Honors program in partnership with The City College of New York (CCNY), participation in competitive research, academic enrichment programs, internships; Science Research, Animal Husbandry, Genetics, Parasitology, Anatomy, Physiology, Advanced Laboratory Techniques and Applications

High School for Community Leadership	Q33A	Humanities & Interdisciplinary	Limited Unscreened	9	108	197

Overview

Our mission is to prepare students to successfully pursue college and career opportunities while promoting a strong commitment to serving their community. Our curriculum combines an in-depth study of core subjects with field trips and hands-on learning experiences outside the classroom. In particular, students will apply what they learn in the classroom to real-life situations through internships and community service projects. Students will graduate from our school with a strong sense of individual and social responsibility and the leadership skills necessary to be outstanding citizens.

Overview

We are a Career and Technical Education (CTE) school preparing students for college, technical school, and/or apprenticeships in the fields of the building trades, engineering and architecture. The instructional program is supported by a new stand-alone, state-of-the-art facility which houses specialized laboratories for computer-aided design, mechanical drafting, technical drawing, model building and construction technology. We are partnered with many of New York City's finest construction trades, construction management, architecture and engineering companies, which support the overall work of our school and the unique experiences of students and teachers.

Program Highlights: Themed/integrated curriculum and courses geared for college preparation, career opportunities, internships, mentoring, industry certification, post-secondary apprenticeship opportunities; Architecture, Construction and Engineering (ACE) Mentor Program; Honors courses that offer opportunities for Advanced Placement classes in the 11th or 12th grade and/or College Now (Psychology, Biology, Calculus, English, Statistics)

Language Classes: Spanish

Advanced Placement Courses: Biology, Calculus AB, English Language and Composition, English Literature and Composition, Statistics, United States History

Overview

We provide our students with a state-of-the-art facility. We work in collaboration with the New York City Police Department and Police Athletic League. Our school offers a challenging academic program and an introduction to careers in law enforcement and public safety. By fully integrating the theme of law and public safety throughout the educational program, students come to understand how all areas of study are interrelated and how their educational experience supports career choices. Our students are offered a well-rounded experience.

Program Highlights: Introduction to Law Enforcement and Public Safety, Science and Public Safety, Introduction to Forensic Science, Anatomy & Forensic Science, Advanced Forensic Science, Criminology, Constitutional Law, Theatre Production; Annualization, PAL Center, Media Center, Courtroom, Forensic Laboratory, Fitness Center and Rooftop Track

Jump Start Academy

- Jump Start Academy is for all of our incoming 9th graders. The Jump Start Academy gives students the opportunity to begin their high school career in a smaller, more individualized learning setting. At the Academy, students are supported educationally and socially in making the transition from middle school to high school by having a guidance counselor monitoring and supporting each student’s progress. Reduced class size, extended day programs and summer credit accumulation classes will also support the students. Our teachers and an exciting interdisciplinary curriculum provide a rich instructional experience with additional literacy support and extended day services. We are committed to preparing students for timely graduation and entry into college or careers. At the end of 9th grade, all students will attend the main building for the rest of their high school career.
- Jump Start Academy Location: 120-27 141st Street, Ozone Park, New York 11416. The phone number is 718-835-6213. Subway: A to Rockaway Boulevard followed by Q7 to Rockaway Boulevard & 140th Street; Bus: Q6 to Sutphin Boulevard & 120th Avenue.

Metropolitan Expeditionary Learning School	Q49A	Humanities & Interdisciplinary	Limited Unscreened	9	108	N/A

Overview

We follow the Expeditionary Learning model, in which students engage in learning expeditions and have multiple opportunities for hands-on learning. Students participate in fieldwork experiences with civic leaders, industry figures and environmental scientists who take them outside of the classroom to give them a chance to experience the concepts that they are learning. Students receive a strong background in science, technology and sustainability and have many opportunities after school to apply the ideas learned in class to real-world projects such as gardening, Green Team and Sustainability Committee.

Program Highlights: Four-day wilderness/backpacking adventure; Crew (small Advisory groups); Travel Abroad/Cultural Exchange Program, Science and Technology Enrichment Program (STEP), Enrichment classes: Art, Music, Theatre

Language Classes: We plan to offer Chinese (Mandarin) or Spanish

Advanced Placement Courses: We plan to offer Calculus AB, English Language and Composition, United States History, World History

Overview

Our mission is to offer students opportunities to achieve success by providing a small personalized environment on a college campus. We provide concrete experiences which will help students connect to the next stages of their academic and social lives as well as their careers. They have open access to the campus of LaGuardia Community College and may enroll in college classes as part of their high school instructional program.

Program Highlights: The focus in grades 9 and 10 is academic and literacy skill development to prepare students for college coursework in grades 11 and 12. All students are expected to attempt college coursework prior to graduation. Our required daily seminar provides additional support for our high school students who are enrolled in college courses. After graduation from our high school, our students may remain at the school for an additional year to earn their Associates Degree from LaGuardia Community College.

Overview

At Newcomers High School we will help you learn English quickly - all of our students receive intensive English instruction. We provide outstanding bilingual and English as a Second Language programs which lead to a New York State high school diploma. In addition, our school offers many after-school, Saturday tutoring programs, athletics, art, media and technology classes that give support to the English-language learner. Our multicultural student body and staff welcome the new immigrant. Students meet other students from their own part of the world and from far-away places.

Overview

The Pan American International High School is a diverse learning community of recently-immigrated English Language Learners (ELL). Our primary focus is on English language development, while providing opportunities to enrich Spanish language skills. Students will learn about Latin American themes and topics which are integrated into both classroom learning and community service projects. The Puentes Program, a partnership of our school with the Latin American Integration Center, cultivates the leadership of students in their communities through service learning projects and internships. We are committed to creating an environment that values students' cultures, native languages and individual differences, while preparing them for success as they navigate a changing world.

This must be presented at the test site. If a change of day is required, the student must inform his/her guidance counselor.						

Overview

Our school is dedicated to providing a challenging curriculum emphasizing the sciences, in collaboration with York College/City University of New York (CUNY). Founded in September 2002, the school is one of the eight Specialized High Schools where admission is based on the score attained on the Specialized High Schools Admissions Test. The philosophy of the school is that students are more successful in life when nurtured in a small learning community. For this reason, our school accepts approximately one hundred students in each entering class and maintains an average class size of twenty-five students.

Program Highlights: We have a strong curriculum, including thirteen Advanced Placement courses and many electives, especially in math and science; students have the opportunity to enter science, mathematics, and technology competitions at city, state and national levels; College Now; course offerings vary from year to year based on student interest

Language Classes: French, Spanish

Advanced Placement Courses: Biology, Calculus AB, Calculus BC, Chemistry, English Language and Composition, English Literature and Composition, Environmental Science, French Language, Music Theory, Physics B, Spanish Language, United States History, World History

Extracurricular Activities: Student Government, Leadership Class, Peer Tutoring, Peer Counseling, Peer Mediation, Science, Biology, Chemistry and Physics Olympiads, Intel Science Talent Search, Siemens Science Competition, Math Team, Math Competitions, Arista Honor Society, Newspaper, Literary Magazine, Model United Nations (UN), Chorus, Jazz Ensemble, Music Appreciation, Art History, Drawing, Art Portfolio Preparation **Clubs:** Book, Chess, Christian Fellowship, Baroque, Dance, Digital/Video Photography, Film, GO, Jazz, Key, Knitting, Art, Ping-Pong, Polar Bear

PSAL Sports – Boys: Handball, Swimming, Tennis

PSAL Sports – Girls: Bowling, Swimming

PSAL Sports – Co-ed: N/A

School Sports: Swimming, Dance, Handball, Tennis, Bowling

Additional Information

- Typical Freshman Schedule: 8:00 AM – 3:15 PM
- This is one of New York City’s eight (8) Specialized High Schools that require the Specialized High Schools Admissions Test (SHSAT). For additional information and the 2011 test dates, see the front of this directory and obtain a copy of the “Specialized High Schools Student Handbook” from your guidance counselor.

Note

*Each year, the number of seats available at each Specialized High School may increase or decrease based on school enrollment.

Details: Students engage in teaching methods in all classes. Students can apply to a voluntary 1-year internship in teaching in 11th or 12th grade. Students are part of grade level cohorts and participate in interdisciplinary units and projects.						
Future Educators Academy	Q32B	Teaching	Limited Unscreened	9	34	N/A
Details: Career Technical Education and early college experience with internship experiences beginning in the 9th grade. Students will maintain a four year teaching portfolio and earn a state certificate in early childhood education.						

Overview

Queens High School of Teaching, Liberal Arts and Sciences is an ideal school for students who wish to become educators or work in related fields. Our students are programmed into one of three small learning communities where they are known by peers and teachers. There is a daily literacy program with an emphasis on self-selected reading, a student advisory program, and a Teaching Institute (see program description). District 75 students and all Special Education students are included in our mixed ability classes. The school is a state-of-the-art facility with contemporary computer labs, a distance learning lab, science labs and a theatre. We are part of a three-school, 32-acre landscaped campus in eastern Queens.

Program Highlights: Exploration of Teaching and related education professions, Internships through the Teaching Institute, Museum Art Internships, College Now; In lieu of Advanced Placement courses, students are offered college level courses at Queens College and Queensborough Community College

Language Classes: Spanish

Advanced Placement Courses: N/A

Extracurricular Activities: Mentoring, Books and Bagels, Montessori Math Magic, Web-based Inquiry Science Environment (WISE), Habitat For Humanity, Cheerleading, After-school Samuel Field Recreation Program, Ambassadors Program, July two-week interdisciplinary theme-based Credit Recovery Program, National Honor Society, Debate Team, Theater Group, Chorus **Clubs:** Dance, Latin, Photography, Spanish, Ecology, Mural, Desi, Gay-Straight Alliance, Asian, West Indian, Music

PSAL Sports – Boys: Baseball, Basketball & JV Basketball, Bowling, Fencing, Golf, Indoor Track, Outdoor Track, Soccer, Swimming

PSAL Sports – Girls: Basketball & JV Basketball, Fencing, Golf, Indoor Track, JV Lacrosse, Outdoor Track, Soccer, Softball, Swimming, Volleyball

PSAL Sports – Co-ed: Cricket

School Sports: Fencing

Additional Information

Overview

Our school is designed to help students answer three questions: Who am I? Who do I want to be? How do I get there? Through our heterogeneous small learning communities, students, faculty/staff and parents develop close relationships to collaboratively support the academic, social-emotional and extracurricular needs of each student. Students develop knowledge, skills and work habits of successful professionals to prepare for the college and career of their choice. An emphasis on foundational knowledge, 21st century skills and credit accumulation in 9th & 10th grades provides students opportunities to explore their interests and take advanced and college-level courses in 11th & 12th grades.

Program Highlights: 9th grade program: Advisory, Physics, Integrated Algebra or Algebra II/Trigonometry, English Language Arts I & II, Global History I & II, Languages Other Than English (LOTE) with Rosetta Stone, English Enrichment, Math Enrichment, Physical Education (PE), Health, PE Elective, Introduction to the Arts (Theatre, Visual Arts, Dance). 10th Grade Program: Advisory, Chemistry, Geometry, English Language Arts III & IV, Global History III & IV, LOTE, PE; Electives (Arts, Advanced Placement (AP) Physics, Creative Writing)

Language Classes: Chinese (Mandarin), French, Italian, Spanish

Advanced Placement Courses: Physics B

Overview

The Queens School of Inquiry (QSI) prepares students by developing academic skills in an environment that promotes inquiry-based learning and self management. A close collaboration with Queens College, The City University of New York and the Bill & Melinda Gates Foundation, along with a dedicated teaching faculty, helps us promote college readiness and career awareness. We are a neighborhood school that emphasizes real-life applications in our effort to educate caring and ethical citizens. As we expand, we plan to offer our high school students the opportunity to earn college credits through Queens College.

Program Highlights: We offer college classes in 9th grade in addition to our high school courses; yearly Independent Inquiries (independent study projects)

Overview

Our school serves young adults in grades 7 through 12. The building is warm and welcoming. Our faculty members have made a long-term commitment to Wagner. Teams of teachers work with students in the same grade and meet regularly. Each student has an advisor who is responsible for monitoring the progress of students, and who serve as the contact person for each student's family. Freshman and sophomore students are enrolled in full credit college and career readiness classes.

Program Highlights: Digital photography, career education internships, theater, art gallery, Chess-in-the Schools, College Now, classes at LaGuardia Community College for college credit & access to its campus, Upward Bound, Middle College National Consortium student conference, town meetings

Language Classes: Spanish

Advanced Placement Courses: N/A

Extracurricular Activities: United Student Organization, Eatwise Program, National Honor Society, Trips to museums and galleries **Clubs:** Cultural Diversity, Chess, Long Island City Roots Community Garden, Art, Yearbook

PSAL Sports – Boys: Baseball, Basketball, Golf, Soccer, Volleyball, Wrestling

PSAL Sports – Girls: Basketball, Golf, Soccer, Softball, Tennis, Volleyball

PSAL Sports – Co-ed: Wrestling

School Sports: Our athletes join the International High School at LaGuardia Community College and Middle College High School at LaGuardia Community College, as the Panthers, to compete against many larger schools.

Overview

Our school provides students with a challenging academic program that will prepare them for college and careers. Our school community gives our faculty the opportunity to work collaboratively with students. The mastery of a writing and technology-based curriculum prepares students to be successful in achieving their future goals. Classrooms are equipped with SMART Boards and wireless Internet. Each student has access to an Apple MacBook. Our digital television studio allows students to generate TV programs, interviews and panel discussions that relate to our school and community. Much of the learning is centered on project-based learning activities.

Program Highlights: Journalism, Studio Art, Contemporary Art, TV Production, Music Theory and Composition, PowerSpeak Foreign Language Online Program, K12 Online AP-English Literature and Composition, PLATO Online Learning, Law, Digital Writing, and Kaplan SAT Prep.

Language Classes: Spanish

Advanced Placement Courses: English Literature and Composition; As we expand, we plan to offer Advanced Placement courses in Biology, Chemistry and Global History

Extracurricular Activities: Student Government, School Service and Leadership Program, New York Academy of Medicine, Arista National Honor Society, TV Production, Fashion **Clubs:** Art, Photography, Drama, Journalism, Strategic Gaming, Soccer, Cheerleading, Intel School Research

Overview

Learning is constant at Rockaway Collegiate High School (RCHS). We offer a collaborative educational experience in which talented students are challenged to expand their intellect and develop the habits of inquiry, expression, critical thinking, problem solving, research and presentation. We ensure this with the development of consistent structures, additional time and support when needed. RCHS strives to know each student personally through the provision of an individualized student success plan which outlines the steps each student needs to take, informed by precise data, in order to be academically successful. Every student is required to provide portfolios for promotion in addition to passing all Regents exams.

Program Highlights: Individual Success Plan (ISP), Exploration Lab, Financial Peace--Foundations in Personal Finance (Financial Peace Foundation), Public Speaking, Academic and Social Networking through our Mentorship Program, Summer Leadership Academy, Saturday Success Academy, Advisory, Community Service, Internships

Language Classes: Spanish

Advanced Placement Courses: As we expand, we expect plan to offer AP courses in Biology, Calculus, Chemistry, English Literature and Composition, United States History, Spanish Language

Rockaway Park High School for Environmental Sustainability	Q36A	Humanities & Interdisciplinary	Limited Unscreened	9	108	197

Overview

The mission of our school is to prepare students for college and career opportunities through a curriculum centered on the theme of environmental and social sustainability. Students will learn academics and employable skills by studying topics relevant to their lives in areas such as: organic foods and nutrition, green building and development, renewable energy and others. Students can also complete coursework that leads to a certificate in green carpentry or culinary arts. Students are expected to graduate with the analytical skills needed to pursue their own scholarly passions and interests after high school.

Program Highlights: Our curriculum will rely heavily on the concept of environmental and social sustainability. In addition to their work in Regents courses, students will be prepared to complete academic and career industry certification programs.

Language Classes: Spanish

Overview

Scholars' Academy is an academically demanding, selective high school that prepares students for the challenges of college learning. Comprised of multi-talented students, our diverse student body is challenged by an ambitious curriculum in the areas of English, Math, Science, Social Studies, Language and the Arts. All classes are honors or Advanced Placement and students have the opportunity to earn college credit in their junior and senior years. Teachers work closely with students on an individual basis within a school-wide cooperative group structure to ensure their success.

Program Highlights: Scholars' Academy follows a unique course of study which allows students to complete most of their high school graduation requirements by the end of grade 10. All students take Advanced Placement courses in grades 11 & 12 and many apply for internships. Students may elect to earn college credit for several classes through a partnership with St. Francis College. Elective courses in media, visual arts, technology and music; advanced courses in visual arts; online courses in grade 12

Overview

Townsend Harris is an academically selective high school that is recognized nationally as a model of secondary education. The student body is comprised of approximately 1100 culturally diverse individuals who have demonstrated evidence of high academic motivation and achievement. Our program emphasizes mastery in the Humanities, math and science, with an emphasis on Classics, and requires of our students the leadership skills, discipline and work ethic expected by the most demanding colleges and careers.

Program Highlights: All classes are honors, Advanced Placement or college-level; advanced elective courses are offered in all subjects including Social Science and Science Research; Our Humanities-focused curriculum includes two additional 9th grade English classes: Writing Process and Linguistics. All seniors take 12 free college credits at Queens College, including an elective and a Humanities seminar co-taught by a professor from the college and a teacher from our school. We offer Concert Band, Chamber Music, Jazz Ensemble, and Music Theory. Juniors take College Now Classes at Queens College

Language Classes: Classical Greek, French, Hebrew, Japanese, Latin, Spanish

Advanced Placement Courses: Calculus AB, Calculus BC, Economics: Macro, English Literature and Composition, Environmental Science, European History, French Language, Government and Politics: United States, Japanese Language and Culture, Latin: Vergil, Psychology, Spanish Language, Statistics, United States History, World History

Extracurricular Activities: Student Government, Consultative Council, Student Union Executive Board, Student Mentoring, Senior Council, Junior Grade Leaders, Sophomore Grade Leaders, Freshman Grade Leaders, Model United Nations, Moot Court, Mock Trial, Math Team, Fed Challenge, NYC & NYS History Day, We The People, "The Classic" (school newspaper), "The Phoenix" (literary/art magazine), "Crimson and Gold" (yearbook), "The Journal of Science Research", "Quantum Cat" (literary/science magazine), Brain Bee, New York City Science & Engineering Fair and Junior Science & Humanities Symposium, Science Olympiad Team, US FIRST (For Inspiration and Recognition of Science and Technology) Robotics Team, Honor Societies: Arista, National, Archon, Student Service, Japanese, MuAlpha Theata, MYS Science; American Classic League Honor Awards Society, Art Shows, Winter and Spring Concerts, SING, Festival of Nations, School Play and Musical **Clubs:** More than 40 clubs including: Amnesty International, Anime, Arabic, Chess, Cinephiles, Creative Writers' Workshop, Dance Dance Revolution (DDR), Drama, Educate to Elevate, Fashion, Free the Children, Glamour Gals, Glee, Jewish Culture, Key, Knitting, Latin Dance, Muslim Student Association, Photography, Red Cross, SAGES, Scrabble, Seekers, Society for the Preservation of the Earth, Trivia & Knowledge, Video Production

Program Name	Code	Interest Area	Admissions Method	Grade	2010 Seats	2010 Applicants
World Journalism Preparatory	Q85A	Communications	Limited Unscreened	9	81	464

Overview

At World Journalism Preparatory, journalism is a tool used to share learning and practice the habits of critical thinking regarding citizenship and democracy through publication. Student publications include a school newspaper, magazines, television programs, podcasts, websites, blogs and wikis. Immersion Journalism opportunities exist for fieldwork, creative projects, performances, interviews and readings set in the community. The school has writing labs for parents as well as students. Students visit television networks, newspapers, publishers, colleges and other post-secondary schools. A comprehensive portfolio of work is a requirement for graduation.

Program Highlights: Career and Technical Education (CTE) for Media Communication and Journalism, Writing and Research Intensives, Workshops, Studio Time, SAT Prep, College Ed, Internships and Job Shadowing, Work-Study, Journalism Camp, College Summit, Advisory Small Group Support, Individualized College Planning

Overview

The mission of York Early College Academy is to develop the skills needed for success in college and careers. College preparation is introduced and continually communicated to our students. This goal is expressed by teachers, parents and the surrounding and supporting community. In addition to a challenging academic curriculum, we are pleased to offer students the opportunity to graduate from our school with a high school diploma and 60 college credits. Our students will have the opportunity to study with the full support of York College, the Early College Initiative and the Department of Education. York College Academy is an open road to college.

Overview

The Young Women's Leadership Schools (TYWLS) were established to nurture the intellectual curiosity and creativity of young women by supporting the "whole girl" in order to maximize academic achievement, social emotional well being, and postsecondary success. TYWLS is supported by Young Women's Leadership Network and its CollegeBound Initiative in order to replicate the best practices of private and independent girls schools. TYWLS of Astoria opened in 2006 as the fourth in the network. TYWLS strives to instill in students a sense of self efficacy and community responsibility: characteristics which will support them as they become the leaders of the next generation.

Program Highlights: CollegeBound Initiative, small interdisciplinary learning environment, collaborative group work and project-based instruction; Advisory classes focusing on female adolescent development, positive self-image, early college awareness

Language Classes: Spanish

Advanced Placement Courses: N/A

Extracurricular Activities: College Discovery Day, Peer Mediation, Girl Up, Student Government, Ladies First, After-school Tutoring, Summer Academy, Mathletes, School Newsletter, Stock Market Game, Chorus, Guitar, Step Up Drama, Spring Showcase, Dance, Creative Writing, Newsletter, Piano, Violin Choir, Eco-Friendly Fashion Show **Clubs:** Multicultural, Save the Manatees, Spelling Bee, Drama
