ANNUAL ARTS IN SCHOOLS REPORT 2008-2009

This Annual Arts in Schools Report provides data for:

School: 21K239
 2008-2009 Principal: Carol Moore

INSIDE THIS REPORT

The Annual Arts in Schools Report is a tool for school leaders to understand their delivery of arts education to every child in their school. Each Annual Arts in Schools Report is based upon responses submitted by schools and provides valuable information about two areas:

Student Access to and Participation in Arts Education

Uses survey information to understand if students are meeting the New York State Instructional Requirements for the Arts as well as the experiences, resources and facilities used to support arts learning in each school. In addition, this section reports on questions asked in the Learning Environment Surveys about arts education.

Resources to Support Arts Education

Uses survey information to understand the resources that schools are allocating for arts education. This section includes information on certified arts teachers, arts and cultural organization services, space for arts learning, arts fundraising and professional development opportunities for teachers.

Dear School Community,

This report provides a view of the arts education opportunities you are providing for your students based on your responses to the Annual Arts Education Survey in May 2009 and includes information from the New York City Department of Education's databases.

The Annual Arts in Schools Report is an important part of the New York City Department of Education's effort to ensure that schools are providing students with the high-quality arts education they need and deserve. The report has been created to help school leaders, parents, and teachers understand how they can improve student learning in the arts, building on the Blueprint for Teaching and Learning in the Arts which provides detailed PreK-12 curricula aligned with State standards: <http://schools.nyc.gov/offices/teachlearn/arts/blueprint.html>.

New York State Requirements for Arts Education

At the elementary level, in grades 1-6, the New York State Education Department (NYSED) requires that students receive instruction in dance, music, theater and visual arts in every grade. In addition, NYSED recommends that students spend a specific allocation of hours learning in the arts.¹

At the middle school level, in grades 7 and 8, the NYSED expects that students achieve, by the end of grade 8, one half-unit of study in visual arts and one half-unit of study in music. NYSED has allowed New York City schools to offer any two of the art forms to meet the requirements.

At the high school level, the New York State Education Department requires that all students graduate having taken one unit or two credits in the arts (dance, music, theater and/or visual arts). High schools have the option of offering a three or five year sequence in any one of the four art forms. Students who complete five units in a single art form and successfully complete the exit exam in that art form are eligible to receive a Regents Endorsed Diploma with advanced designation in the arts.

Description of School's Arts Programs

This school has submitted the following description of its arts program:

Mark Twain IS 239 for the Gifted and Talented is an arts-centered middle school that employs the arts to enhance instruction across the curricula. Offering both a rigorous, traditional liberal arts program as well as screened talent areas of study, Mark Twain takes pride in the accomplishments of its students. Among the talent areas are music, media, theatre, dance and art. In each of these Mark Twain offers three-year sequences in a creative environment with highly qualified teachers in each area of study. Each year talented visual arts and media students receive accolades and awards in various contests, this year including those of PS Art and Scholastic Art. Musicians perform in elevated venues such as Lincoln Center. Dancers perform in outstanding performances with original choreography and thespians exhibit their multiple talents in standing-room only musicals. All students, regardless of area of concentration, are given instruction in art, music, theatre and dance. A leading feeder school to New York's prestigious performing and visual arts high schools, Mark Twain's audition preparatory classes begin in the first year of instruction and culminate in acceptances to New York's finest and most selective high schools.
